Profile Summary

A dynamic and innovative Frontend Developer with a flair for crafting responsive, interactive, and visually stunning web applications. Proficient in cutting-edge technologies like HTML, CSS, JavaScript, and modern frameworks including React.js, Tailwind CSS, and Bootstrap. Adept at building immersive, feature-rich projects and delivering seamless user experiences..

Education

Rizvi College of Engineering   **2022 − 2026**
B.E. in Computer Science   *Mumbai, India*

RD National College   **2022**
HSC Science - 72.33%   *Mumbai, India*

Purushottam High School   **2020**
SSC - 88%   *Mumbai, India*

Skills

Programming Languages: HTML, CSS, JavaScript, C, Python, Java

Frameworks/Technologies: React.js, Tailwind CSS, Bootstrap

Other Skills: API Integration, Responsive Web Design

Projects

ConversAI Chatbot | *React.js, Tailwind CSS, OpenAI API*   **2024**
− Built an AI-powered chatbot with real-time conversation capabilities.
− Designed a responsive UI using React.js and Tailwind CSS for seamless cross-device interaction..
− Integrated OpenAI API for natural language processing and dynamic responses.
− Enhanced user experience with intuitive features like typing indicators and conversation history.

Tarana Music Web Player | *HTML5, CSS3, JavaScript*   **2024**
− Created a responsive and interactive web-based music player with intuitive playback controls.
− Designed a visually appealing interface using CSS, ensuring a seamless user experience.
− Implemented core functionalities like playlist management and song playback with JavaScript.
− Optimized the application for smooth performance across devices and browsers.

HireUp | *MongoDB, Express.js, React.js, Node.js, Firebase Authentication* **2025**
− Developed a full-stack job portal web application allowing users to search, apply, and track jobs seamlessly.
− Implemented Firebase Authentication for secure user and employer sign-up/login.
− Designed a responsive and user-friendly UI using React.js and Bootstrap.
− Integrated MongoDB and Express.js for efficient job data storage and retrieval.
− Added real-time job tracking and admin functionalities for managing job postings.

Certifications

React JS: Covers hooks, contexts, and advanced components, offered by Simplilearn.

Software Engineering Job Simulation: Accenture Nordics: Gained knowledge in software engineering workflows, including problem-solving and coding

Achievements

Debugging Blitz Winner
IEEE, College Event: Secured 1st place by efficiently resolving complex code issues under time pressure.

Tech Chase Runner-Up
Tech Chase, College Event: Secured 2nd place in a 3-round team-based challenge testing problem-solving and technical skills.
